11 **OMNIBUS TRANSFER ORDER**

12 Centex Homes has filed three lawsuits alleging breach of contract, breach of the
13 covenant of good faith and fair dealing, breach of Nevada's Unfair Claims Practices Act, and
14 declaratory relief against various insurance agencies stemming from their alleged failure to
15 provide Centex Homes with a defense in several construction defect litigations. Many of the
16 insurance policies at issue contain similar language.

17 Having reviewed these cases, the judges of this district have concluded that judicial
18 economy will be served by transferring all of these cases to a single District Court Judge and
19 Magistrate Judge. Accordingly, in exercise of the Court's inherent power to control the
20 management of the docket and in order to foster judicial economy,
